DECLARATION OF COMPLIANCE
ACC. TO DIN50049/EN10204-2.1

With the present we state that the semi-finished virgin p.t.f.e. material, that we produce, is transformed using polymers of the most important national and international producers (Solvay-Solexis, Polis, Heroflon, DuPont, Dyneon, Daikin).

We use the most advanced technologies and we follow a Quality System which is according to the UNI EN ISO 9001:2008.

We declare also that our virgin p.t.f.e. material is in accordance with all the important standards, like UNI-EN-ISO, DIN, ASTM, AMS and so on.
